THE EARTH QUAKED.

Springdale Gets a Lively Shaking Up Early Thursday Morning.

J. L. Hord of Springdale was in the city yesterday.

And he informed a LEDGER man that at 2 o'clock Thursday morning there was a distinct shock of earthquake at that place.

The vibration was from East to West.

Rocking chairs sitting in proper position rocked freely, and there was a general shake up among the chinaware and crockery.

The shock lasted but a few seconds and no serious damage was done beyond breaking the slumbers of a number of citizens.

EIGHT BIG ERRORS

And the Cynthians Simply Walked to First Base.

Several of our boys took an off day yesterday, and Cynthiana won without an effort.

Cox, Wadsworth, Hill and Bruner were in the dumps, and each took a bunch of errors, and nearly all of them were costly.

Willner, a new pitcher from Hamilton, O., was in the box for Maysville, and pitched a splendid game. He sent the ball over the plate with the speed of the wind, and had he received the proper support from his field he would have won the game easily.

Jones twirled for Cynthiana, and he was hit hard in spots, but the good work of his outfield saved him.

McGann, Cynthiana's second baseman, showed a disposition to play "dirty ball" on several occasions. This is the first exhibition of this kind of work ever seen here. Mention as to how it was done will be found in a note further down.

Frank's daring base running was the feature of the game.

The game—

The visitors corralled five scores in the second, which practically won the game for them. Douglass sent a drive into left which Wadsworth captured. Hornberger bunted and beat it out. Curtis hit to third; Hill was slow in handling it and he reached first. Sullivan pushed one into right for a bag, and Hornberger scored. Curtis scored on Jones's lawn-mower to short. Sullivan trotted in on a passed ball. Vetter ambled to first on four bad ones. Curl missed three good ones. McGann hit a hot one past second for a bag, and two more visitors chased home. Murphy died at first.

Cynthiana gobbled another tally in the fifth. Sullivan was an easy out at first. Jones hit to short, but Bruner missed Wadsworth's throw and Jones was safe. Wadsworth fumbled a hot one from Vetter's bat, and Jones scored. Curl flew out to Sparks. Vetter was called out for cutting second base.

Maysville got a run in the fifth. Sparks hit one to short too hot for Hornberger to handle, and Sparks reached first. Frank ran for him, and stole second and third and scored on Bruner's sacrifice.

The visitors took a pair of runs in the seventh. Jones popped up an easy fly to Willner. Vetter hit past second for a base. Curl hit to right for a base and Vetter took third. Nie threw to head Curl off at second and Vetter scraped the slab. McGann jolted one down to short and Curl scored. Murphy flew out to right. Douglass was thrown out at first.

The locals got a run in the seventh. Wadsworth flew out to McGann. Hill struck out. Sparks hit one past short for a base. Frank ran for him, stole second and scored on Bruner's single. Willner's hit to short forced Bruner out at second.

Cynthiana got two more scores in the eighth. Hornberger never saw first. Curtis hit to third. Hill fumbled long enough to allow him to reach first. Sullivan hit to left for three corners, and Curtis galloped home. Sullivan scored on Jones's single. Vetter's hit to short forced Jones out at second. Curl hit to Bruner for an out at first.

The locals got two runs in their half. Cox worked a base on balls and scored on Rogers's smash for two bases. Frank hit to short and Rogers was thrown out at

third. Frank stole second and scored on Nie's sacrifice. Wadsworth went out at first.

The following is the score:

NOTES.

Hill fanned out three times in yesterday's game.

Cynthiana will play our boys again this morning. The game will be called at 10 o'clock.

The Cynthiana team will leave for Millersburg at 1:45 today, where they play this afternoon.

Sparks and Nie will be Maysville's battery in this morning's game, and Hermann and Vetter for Cynthiana.

Hill has demonstrated the fact very clearly that he can't play third base. Captain Wadsworth should put him back at short where he belongs.

Willner is the man we have been looking for. Handicapped as he was he pitched a great game. Cox is to be congratulated on his find. Willner has come to stay.

Manager Watson has secured the Shamrocks, the best amateur club of Cincinnati, for a game Tuesday afternoon. This club is exceptionally strong and the game will be one worth seeing.

In the second part of the third inning in yesterday's game Frank was sent to first to run for Sparks, who had reached that bag. On the first ball pitched Frank went down to second but Vetter threw him out, and while Fred was holding the base McGann deliberately jumped on the bag and spiked him in the palm of the hand. It was a mean, contemptible trick and a repetition of it and McGann will get what he richly deserves.

See Ballenger the Jeweler.

John Hoobler sends greetings to his friends. It's a ten-pound boy.

Roby McCall now has charge of the office of the new Carter House, Vanceburg.

Mrs. A. J. Whipp's was caught for \$4,000 by the failure of Legrand Armstrong of Covington.

Going East.

Colonel Dave Hechinger will next week leave for the East on his usual fall errand—to secure the very latest, the brightest and the best novelties for his trade. The substantial are here already; they can be had by ordinary orders, but the novelties can be secured only by close personal inspection. It being Mr. Hechinger's desire to secure the best bargains for his customers, he respectfully requests those who owe accounts to call in and settle before he goes. If you haven't the cash he will gladly accept a negotiable note. In fact he will meet you more than half way, and will accept 'most any sort of payment short of garden sassa and goose yokes.

A NEW MAN OF HIM.

What Paine's Celery Compound Did for Sheriff Sinnott.

While the sun shines the farmer makes hay.

Men and women whose store of strength and nervous energy has fallen so low that it barely keeps them through the day should fill their veins now with fresh blood full of red corpuscles, and store the million tiny nerve cells with energy by means of Paine's Celery Compound, while it is summer and the sun shines.

There are now few drafts upon the strength of the body; no winter colds to resist, nor spring languor to drag one back. It is amazing how rapidly it is now possible to lay up nerve force and vigor, over and above the daily expenditure. Those who suffer from kidney troubles, liver or stomach weaknesses, and rheumatism find no time so suited as the present to overcoming these diseases by giving these overworked, poorly fed organs blood that is rich and pure in quality, and sure to invigorate.

This is what Paine's Celery Compound is doing all over the country while it is summer and while every one feels that now is the time to get well.

That most remarkable blood and nerve remedy of this country—Paine's Celery Compound—makes new, vigorous, red blood; removes disease from vital organs by richly feeding worn out nerve tissues all over the body and building up the strength of the body—that is why it makes people so quickly well.

Professor Edward E. Phelps, M.D., LL.D., of Dartmouth College, first prepared Paine's Celery Compound. It has met the hearty approval of physicians and scientific men all over the world.

It makes people well.

Says Deputy Sheriff John Sinnott of Whitehall, N. Y., whose portrait is given above: "In my opinion, Paine's Celery Compound is the best remedy in the world. I have been troubled with inflammatory rheumatism some twelve years, sometimes crippled for three months at a time. A friend told me to try Paine's Celery Compound, and I am now on my twelfth bottle, and it has made a new man of me. I heartily recommend it to every one troubled with rheumatism."

It makes people well.

Crawford & Cady of "The Model" keep a full line of choice groceries and all seasonable fruits and vegetables, to which they invite the attention of LEDGER readers. Their handsome store is in the Neptune Hall Building.

Mrs. Ellen Kyle died at Covington, aged 83. She had resided there 68 years. About two weeks ago she asked to be taken to Vevey, Ind., where she was born, saying she would like to see her old home again before she died, and her wish was granted. On her return home she suddenly took ill and died.

The Portsmouth and Ironton papers are still having a time over "Professah" Friend, the dancing master who "hopped" out without paying board and bar bills. Put it down in your little book that nine-tenths of the "Professahs" are phrauds. No sensible man now-a-days wants "Professah" stuck in front of his name.

The Le Grand Armstrong tobacco failure at Covington still furnishes a topic for talk. The complications are increased by the fact that Mr. Armstrong is confined at his home by a probably fatal illness. The schedule of assets and liabilities has not yet been made up, but it is understood from gentlemen in position to form an estimate that the liabilities will run up to \$30,000 or \$40,000, the assets being very far below that figure.

The Drew-Selby Shoe Company of Portsmouth is now turning out 2,000 pairs of shoes daily. About a dozen traveling men are employed.

At Lexington Judge Parker granted the Central Christian Church people an injunction to prevent the City Council issuing a license to Thomas Lyons, who owns a saloon near the church property.

The examining trial of Ed. Upton, for the murder of his cousin William, took place at Vanceburg and resulted in his acquittal. The trouble originated over William eloping with Ed. Upton's sister, and leaving his wife and family. The most sensational part of the case was when Zola Upton, wife of the murdered man and sister of the murderer, took the stand and testified that her brother had murdered her lover in cold blood.

The case against John Poff for the murder of James Tuggle was heard in court at Barboursville and given to the jury, who gave in a verdict of guilty and fixed Poff's punishment at two years in the pen. This is the third time Poff has been tried, having had a life sentence once. The killing occurred nine years ago, Poff being one of the seven men who now stand indicted. At Bradford, one of the gang, is now serving a term of four years for the same killing, while the remaining defendants will probably come to trial at this term of court.
